Sacramento, CA 95814

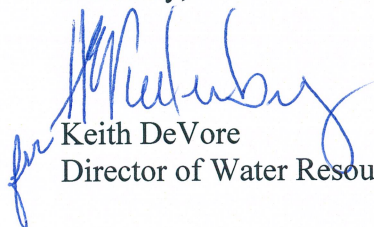

Re: Comments on the Delta Stewardship Council's "Interim Delta Plan"

Dear Mr. Grindstaff and Honorable Council Members:

Sacramento County is in receipt of the Delta Stewardship Council's (DSC) request for comments on the interim plan, as required in Water Code section 85084. The County has initiated the process of developing a menu of near- and long-term land use and water projects and policy objectives. However, we respectfully defer the submittal of specific comments and input to the June 24, 2010 DSC hearing.

We greatly appreciate the opportunity to provide input and will be working diligently to prepare and submit comments in the near future. Sacramento County looks forward to developing a lasting partnership with you and the Council membership to address and successfully resolve the many challenges associated with this unique and valued region of California.

Sincerely,

Keith DeVore
Director of Water Resources
